HELP SHAPE THE FUTURE OF RIT KOSOVO'S CAMPUS

Invitation for Prequalification (RFPQ)

Architectural & Multidisciplinary Design Services for
CAMPUS MASTERPLAN AND MAIN DESIGN

Reference Number: RFPQ-RITK-CAMPUS-2026 | **Publication Date:** 3 November 2026

RIT Kosovo (A.U.K) invites experienced architectural and multidisciplinary engineering companies and formal consortia to participate in the prequalification process for its Campus Masterplan, Main Design, and construction tender dossier. As RIT Kosovo continues to grow, this project will develop a modern, functional, sustainable, and adaptable campus to support academic excellence, innovation, and future expansion.

Scope of Expertise Requested

- **Campus Master Planning:** Integrated planning of academic, residential, student-life, and supporting campus facilities.
- **Architecture & Multidisciplinary Engineering:** Contemporary, accessible designs coordinated across structural, mechanical/HVAC, electrical, and civil/infrastructure disciplines.
- **Sustainability & Future Growth:** Energy and water efficiency, lifecycle cost optimization, and flexible frameworks for long-term expansion.

Prequalification Process

This RFPQ is a preliminary, pass/fail eligibility screening to verify legal registration, professional licenses, relevant project experience, and multidisciplinary team capacity. Passing this screening does not constitute selection as a competition finalist. Only applicants confirmed as eligible will receive the detailed Terms of Reference (ToR) and an invitation to participate in Stage 1 of the design competition.

Key Timelines

Milestone	Date (Prishtina Local Time)
Prequalification Application Period	3–11 November 2026
Information Sessions & Site Visits	5 and 9 November 2026 (1pm – 3pm)
