

INVITATION FOR OFFER

Namely Save the Children in Kosova/o is planning to rent a premise for the office needs in Pristina.

Save the Children is the world's leading independent organization for children. We work in around 120 countries. We save children's lives; we fight for their rights; we help them fulfil their potential. We work to inspire breakthroughs in the way the world treats children and to achieve immediate and lasting change in their lives. Across all of our work, we pursue several core values: accountability, ambition, collaboration, creativity and integrity.

Save the Children recognises the importance of environmental sustainability and climate change action to sustainably achieve our breakthroughs for the most deprived and marginalised children. We are committed to limiting the environmental impact of our work. Through both individual and collective efforts to change our ways of working, all our people at every level of the organisation play their part in reducing the resources we consume to help mitigate climate change and its adverse impact on children and their communities.
